

Good Sports Accepting Applications for Sports Equipment Grants Through December 5, 2014

In the past decade, more than 500,000 kids have hit the country's fields and courts with donated uniforms, shoes, balls and other equipment, thanks to Good Sports, a Massachusetts-based nonprofit dedicated to partnering with manufacturers to provide youth with sporting goods.

Good Sports currently serves 233 organizations in Georgia, and through a new cycle of sports equipment grants, are looking to increase that number and make an even larger impact. The application period for the next cycle of Good Sports equipment grants across the state of Georgia is open through December 5, 2014. Groups interested in applying for a grant may submit an application by visiting Good Sports' website - www.goodsports.org - and completing the online application. Any questions regarding the application can be directed to the Good Sports Community Team at community@goodsports.org.

Atlanta Falcons Host NFL PLAY 60 Event in London

The Atlanta Falcons touched down in London last week and headed straight to Bushey Meads School to get local kids excited about football during an NFL PLAY 60 event.

Designed to tackle childhood obesity, NFL PLAY 60 brings together the NFL's long-standing commitment to health and fitness with an impressive roster of partner organizations. In addition to national outreach and online programs, NFL PLAY 60 is implemented at the grassroots level through NFL's in-school, after-school and team-based programs.

Dazzle and Dine Event Celebrates Breast Cancer Survivors

Earlier this month, in recognition of Breast Cancer Awareness Month, the Atlanta Falcons celebrated five breast cancer survivors during the sixth annual Dazzle and Dine event.

Dazzle and Dine honors women currently undergoing treatment for breast cancer as well as breast cancer survivors for their continued effort in fighting against breast cancer. Honorees are chosen based upon their community involvement and dedication to helping this cause. Honorees

received a full day of pampering, dinner with Falcons players and on-field recognition during the October 12 Falcons home game.

Each one of the survivors, armed with a smile, a determination, and a positive attitude, continue to set out and educate women, young and old, about this disease that has been turning October pink for almost 30 years.
